MONTGOMERY TRIBUNE.

FRIDAY, JUNE 23, 1905.

POPULAR LADY CONTEST.

The following are the conditions of the TRIBUNE'S Grand Gift Popular Ladies contest:

Every person paying money to the TRIBUNE for subscription, advertising or job printing will be entitled to votes at the rate of 200 votes for every dollar thus spent. Twenty-five per cent additional votes will be allowed for new subscribers. Votes will be issued at the time the money is paid and will be good for one day. No votes will be issued unless cash accompanies order. No ballots on which one name has been erased and another substituted, nor on which the number of votes has been changed will be counted.

Six gold watches will be distributed among the six townships in the county. To the leader in the township who has the highest number of votes over any other leader in any other township will be given a genuine Elgin movement in a 25 year, 11 karat engraved and diamond studded gold filled case, as a grand prize.

To the leader in each township, other than one which wins the grand prize, will be given a United States Watch Co., Waltham Massachusetts movement in a twenty year engraved gold filled case. All watches have the same guarantee of the old reliable firm of A. Vogt & Son, back of them that they would have, if purchased from them direct.

No prize will be given to any township where the leader does not poll 2,000 votes. In every township of the six mentioned where the leader polls less than 2,000 votes the gold watch will not be given. Each township has thus a chance to win either the gold watch or the diamond studded watch.

The contest will close Dec. 22, 1905, at 3 p.m.

Votes will be given from now on until the time of closing the contest. Anyone may enter a candidate by making a proper payment and giving the contestant's name and township.

No votes will be given on orders for stamped envelopes or postal cards except for the cost of the printing done at this office.

Stylishly engraved visiting cards of latest script and type texts, announcement cards, wedding invitations and society programs done at this office at reasonable prices.

Save 1/2 Your Paint Bills

By using Weir's Bavarian White Lead, the most durable and therefore the most economical lead or paint made. It has zinc in it. The zinc gives the paint a beautiful gloss and prevents the lead from destroying the wood which is the life of all paint. "Pure Lead" by itself will eat and destroy the wood, thus causing the paint to become porous or open and dust off. Weir's Bavarian White Lead is better and cheaper than mixed paints because one-half of every gallon of mixed paint is leaded oil for which you pay \$1.50 per gallon and get an old, stale, unadorned leaded oil. Buy fresh oil from your dealer's barrel at its true value. 4 1/2 gallons leaded oil and 100 pounds of Weir's Lead will make 6 1/2 gallons best paint ready to use, that will cost you no more than other standard brands of lead and much less than mixed paint and will last twice as long as either. Write D. T. Weir White Lead Co., St. Louis, Mo., for their booklet "Facts About White Lead." Weir's Bavarian White Lead is for sale by

SOCIETY NOTES

Miss Maybelle Gove was the charming hostess at a "Stocking Shower" at her home in the northwest part of town, the 17th, given for Miss Braska Rookwood a bride of this month. Miss Braska has just graduated from the Montgomery High School and the young ladies of her class were the ones to assemble at this unique affair in her honor. After the guests had all arrived, Miss Braska was conducted in to the back parlor and seated on a big white rug just under a pink and white bag hanging from the ceiling. This bag was made to hang from a hoop and tied at the bottom which with a few appropriate words Miss Maybelle uttered, when lo, Miss Braska was showered in with beautiful stockings of all kinds. Much fun was derived from this feature of the afternoon, after which a two course luncheon was served in the dining room which was decorated in pink and white. After refreshments each guest was given a paper on which was written Braska Rookwood and the one making the greatest number of words out of these two was to win the prize. Miss Sally VanDeventer succeeded in winning the prize, which was a picture drawn by the hostess and neatly framed. Miss Maybelle and Miss Braska were dressed in pink and the rest of the guests in white thus carrying out the color scheme of pink and white. Those who enjoyed this afternoon with Miss Braska were as follows: Miss Sally VanDeventer of Ladonia, Misses Mary Gupton, Mayme Whiteside, Grace Hayden, Clara Vogt, Edmee Standhardt, Nina Jamieson, Anna Ball, Lillian Evered and Hazel Stephens.

Miss Mary Gupton was the hostess at a "China Shower" Friday afternoon, June 16th, given for Miss Braska Rookwood, a bride of this month. Unique invitations written in rhyme in an acrostic, the bride's name forming the acrostic, were issued to friends of Miss Rookwood, who were glad of an opportunity to assemble at the lovely Gupton home and spend a few hours with the friend they were soon to lose.

An interesting feature of the afternoon was the contest in which each guest, blind folded, attempted to pin a small veil on the correct place on a drawing of a girl's head. Miss Grace Hayden was most nearly successful and was given the prize.

Delightful refreshments were served in the dining room after which all met in the library where an elegant array of china awaited the guest of honor. Much surprised, Miss Rookwood received the gifts of her friends in her usual gracious manner, after which lemonade was served on the spacious veranda. A most pleasant afternoon was spent by the following: Miss Braska Rookwood, Miss Sally VanDeventer of Ladonia, Misses Jess Karnes of Mexico, Misses Edmee Standhardt, Clara Vogt, Grace Hayden, Alice Muns, Mal, Flora and Susy Baker, Clarice Johnson, Maybelle Gove, Lillian Evered, Francis Knoller, Nina Jamieson, Hazel Stephens and Jessie Gupton.

Miss Jess Karnes of Mexico was the guest of honor at a party given Tuesday evening by Miss Corinne Vogt and Miss Grace Gupton at home of Miss Vogt.

On arrival at that hospitable home the guests were regaled with delicious punch served by Miss Grace Hayden and Mrs. Geo. Vogt. Progressive five minute conversations were greatly enjoyed during a part of the evening after which elegant cream and cake was served.

An amusing contest where attempts were made to throw bean bags through a hoop in which a bell was suspended without hitting hoop or bell proved very entertaining. Miss Myrtle Johnson and Monta Muns scored the highest and were awarded prizes. The following enjoyed themselves as that crowd of young people usually do and were very glad to be with charming Miss Karnes again: Misses Jessie and Lula Suggitt, Katherine Graves, Julia Ferguson, Lulu Smith, Genovieve Barley, Myrtle Johnson, Bernadine Telfair, Clara Vogt, Nelle Hudson,

A jolly crowd of girls spent Saturday afternoon in the woods a mile or two from town. The affair was complimentary to Miss Jess Karnes of Mexico and a splendid time was enjoyed in horse-back riding, taking kodak pictures and other amusements of an afternoon spent in the country. Misses Jess Karnes, Corine Vogt, Grace Gupton, Katherine Graves, Myrtle Johnson, Alma Muns, Gertrude Fisher, Vee Barley, Bernadine Telfair, Julia Ferguson and Fan Stephens were the pioneers.

Misses Altha and Stella Kallmeyer entertained Monday evening at their lovely home near Florence. The following young people from Montgomery drove down and thoroughly enjoyed themselves: Misses Jess Karnes, Grace Gupton, Clara Whitesides, Katherine Graves and Nelle Hudson; Messrs Monta Muns, Emil P. Rosenberger, Herndon Whiteside and Manly Hudson.

The Electric Railroad.

There is a movement on the part of the Missouri members of the board of directors of the Missouri Central electric line to push construction matters by building the proposed line in sections and to have a contract let at once for the construction of the first section from New Florence, Montgomery county, on the Wabash, via Glasgow to Brookfield.

The principal part of the right-of-way along this part of the line has been obtained and the members of the board in the several counties will give bankable bonds for the procurement of the entire right-of-way without cost to the company. The part of the line through this section traverses rich cool fields. It takes in Glasgow, in which city the enterprise was first inaugurated. It dispenses with the necessity of building a number of large and costly bridges at the very start, which is an important matter for consideration. It would prove a paying investment from the very day the cars begin to run over it and, last but not least, it would stir up the people along the line of other sections and result in the right-of-way being granted where there has been the greatest delay in that matter. —Brookfield Gazette.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Bolls, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at E. B. Moore's drug store.

In the recent examinations held by the State Superintendent of Schools, 55 different persons wrote. There were 290 separate papers. A bout half of these were graded above passing. As a result, eleven certificates were issued. Many did not attempt finish the examination.

The ice cream season is now here and for the best ice cream sodas go to J. K. Barley's.

The recent target practice on the battleship Kentucky is another object lesson in American gunnery. A target had been placed on a raft 1,000 yards distant (not quite one mile), the mark being 21 by 17 ft. in size. One gunner fired 14 shots in a minute and hit the target 13 times. Another fired 13 times and made a hit each time. Two other gunners fired 13 times a minute and made 12 hits each. The weapon used was a five-inch gun, and the marksmanship was remarkable. After all is said, it is gunnery that counts in naval warfare, and this trial indicates that the Kentucky would have no cause to fear any battleship in the world.

If you want the best candy what is, get Gunthers at J. K. Barley's.

When you plaster that new house or patch the old one, you want a good hard plaster, one that will stay on and help keep out the cold, don't you? Well, don't experiment—just get "Acme"; it's what you need, it fills the bill. For sale only by La Crosse Lumber Co. We make good mill work.

A Few Facts Concerning Rupture

In order to become proficient in the cure of rupture, years of preparation and experience are necessary in order to practice with any degree of certainty. Dr. W. A. Lewin, the rupture specialist, is a graduate of several European and American colleges and has devoted many years to the study of this particular branch of medical science.

He treats rupture without the use of the knife, without drawing blood, without danger and without detention from regular occupation.

All is accomplished within a few weeks and no one is pronounced cured until the opening through which the intestines protrude is entirely closed and permanently healed. This is done by building up new tissue, a growth similar to that over a wound that has healed, so that the patient is stronger at this spot than he was before the rupture occurred.

Consultation and advice free. No pay required until cured to your entire satisfaction. Send for free booklet containing testimonials. 10,000 patients cured. Call or address,
